

## EpoPro® 957

### CURING AGENT FOR EPOXIES

EpoPro® 957 is a modified aliphatic amine used to cure liquid epoxy resins at ambient or low temperatures. It can be used alone or in combination with polyamides or amidoamines and can be used to accelerate other curatives.

It is useful to provide rapid cure, light color, and is moisture insensitive during curing. When the EpoPro 957 is the primary curative, cured epoxy resins generally have a low modulus and are highly flexible compared with other modified aliphatic curing agents. It can be used at a 1:1 mix ratio with standard DGEBA resins.

Typical Properties	
Viscosity at 25°C	6000 - 8000 cps
Appearance	Light Yellow Liquid
Gardner Color	≤ 2
Density	0.97 g/ml
Amine Hydrogen Equivalent Weight	180
Typical Pot Life (150 g mass at 25°C)	6- 9 minutes

### STORAGE AND SHELF LIFE

Shelf life is at least 2 years from Date of Shipment. For best results, stored between 15°C (59°F) and 40°C (104°F). Containers should be kept tightly closed after opening.

### HANDLING PRECAUTIONS:

Mandatory and recommended industrial hygiene procedures should be followed whenever these products are being handled and processed. For additional information please consult the corresponding material safety data sheets.

### FIRST AID

In case of contact: **Skin** – Immediately wash skin thoroughly with mild soap and water. Remove contaminated clothing and wash before reuse. Destroy contaminated shoes and other articles made of leather. **Eyes** – Immediately flush eyes with plenty of water for 15 minutes and get prompt medical attention. **Inhalation** - Remove person to fresh air. Administer oxygen or artificial respiration if necessary. Call a physician. **Ingestion** - Do not induce vomiting. Dilute with plenty of water and contact physician immediately. Never give anything by mouth to an unconscious person.

### DISCLAIMER:

IMPORTANT: The following supersedes Buyer's documents. SELLER / MANUFACTURER MAKES NO REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, INCLUDING OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. No statements herein are to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller / Manufacturer be liable for incidental, consequential or indirect damages for alleged negligence, breach of warranty, strict liability, tort or contract arising in connection with the product(s). Buyer's sole remedy and Seller's sole liability for any claims shall be Buyer's purchase price. Data and results presented are based on controlled or laboratory work and must be confirmed by Buyer by testing for its intended conditions of use. The product(s) has not been tested for, and is therefore not recommended for, uses for which prolonged contact with mucous membranes, abraded skin, or blood is intended; or for uses for which implantation within the human body is intended
